ELEVEN BACKS SCoured

By the Night Riders at Eddyville Early Sunday Morning.

Eddyville, Ky., Feb. 16.—Three hundred armed and masked men rode into this city this morning shortly after midnight. Before left, an hour later, riding westward in a compact and military manner, they had whipped eleven men, shot up the town, and terrorized the population. The peculiar feature of the outrage of the night riders is that it has no apparent motive, for none of the victims of their displeasure are connected with the tobacco business, either as grower or buyer.

As though to show their absolute contempt for the law, Judge Rucker, who presides over the Police Court, and who would have to act in the preliminary trials of any of the men, if they were arrested, was taken from his home after scores of bullets had been fired through the windows, stripped to the waist on the bank of the Cumberland river, which flows through the town, and brutally beaten with a cowhide whip. Judge Rucker was then permitted to return to his home, his hands and arms lacerated and bleeding, showing that the blows had not been dealt with a gentle hand.

With Judge Rucker were taken ten other men, seven of them negroes. Some of them were captured on the other side of the river and brought to the eastern side, where they were all whipped together. Some of the men were dragged from their beds, and hastened to their punishment without even being permitted to dress.

In addition to Judge Rucker, the white men who were whipped were Cecil Wood, former Town Marshal of Eddyville; J. H. Robertson and Jeff Fralick, who conduct a livery stable. Of the negroes John Holloway and George Brewster have reported the details of their being whipped, and showed today the wounds that they received. The colored keeper of a restaurant was taken from his place of business, which he was just closing having remained open late Saturday night, and was whipped with the others.

In order that they might not be interfered with from the outside, the night riders took possession of the telephone exchange when they entered the city shortly after midnight, and refused to permit the operators

to answer any calls. They visited the residence of the Sheriff and the Town Marshal after they had shot up Judge Rucker's house, and warned them not to interfere, their leader declaring that it "wouldn't be good for them if they didn't behave."

Today the town is still paralyzed with the shock of the raid, which had been to a large extent expected. Few are willing to talk of the affair, for many fear a repetition. The only explanation of the motive which the night riders had was that they were probably intending the destruction of tobacco in the vicinity of this, Lyon county, and wanted to intimidate the residents in order that their plans might be carried out without interference. Many of those here venture the opinion that their purpose has by this time already been accomplished.

As all the men were masked, they were not recognized. It is not known from what counties they came, but it is known that they rode into Eddyville from the east.

Opie Read Coming Feb. 25th.

There is a rare treat in store for the people of Marion, Tuesday evening, Feb. 25. On that date Opie Read, the noted southern journalist and writer, will appear at the School Auditorium in the last number of this year's entertainment course.

Mr. Read has been heard in many of the leading cities, both north and south, and has, everywhere, been most enthusiastically received. At his appearance in Louisville last June, the papers of that city were a unit in his praise.

No other writer now living, with the possible exception of Mark Twain, has so clearly and truthfully delineated the typical southern or south-western characters. His lecture will be interspersed with readings from his own writings, given in his own inimitable way. His delightful, genial, personality will please all who hear him.

Mr. Read is very much in demand as a lecturer and it was only through a happy combination of circumstances that we are able to bring him to Marion. We hope the citizens of our town will show their appreciation of this talented man by packing the school auditorium to the doors.

Card of Thanks.

We thank our friends and neighbors for their kindness showed us during our sickness and the death of my dear father.

May God's richest blessings rest upon them now and forever is our prayer. ADA GILBERT AND FAMILY.

FROM THE PINE WOODS

Hyomei's Aromatic Air Is Guaranteed to Cure Catarrh or Cough Nothing.

When using the Hyomei treatment, the air you breathe is like that on the mountains high above sea level where the pine woods fill the air with aromatic healing that gives health and strength to those suffering from diseases of the respiratory organs. Breathed through the neat pocket inhaler that comes with every outfit, the healing balsams of Hyomei reach the most remote air cells of the throat, nose and lungs, destroying all catarrhal germs and giving quick relief and cure.

Hyomei has performed almost miraculous cures of catarrh, often restoring health in chronic cases that had given up all hope of recovery. Its best action is at the start of the disease, when the breath is becoming offensive and when discharges from the nose, droppings in the throat and frequent sneezing or spasmodic coughing begin to make life a burden. At the first symptom of catarrhal trouble, use Hyomei and see how quickly you get relief and cure.

The complete outfit costs but \$1.00 and is sold by Haynes & Taylor under guarantee to refund the money if it does not give satisfaction.

Just a Dozen Years Old.

When Dudley Clayton Noggle returned from school Tuesday he was quite agreeably surprised to find twelve little candles burning on the dining table, which was nicely decorated, besides being loaded with good things to eat, such as cake, pies, cream and other things dear to the heart of the average boy. He also found grandma and grandpa and all the kinfolks there to help him celebrate the occasion.

Dudley is the only son of Mr. and Mrs. C. P. Noggle, of South Main street, and is popular with every one who knows him, as was evidenced by the several useful gifts he received.

The Sweetest Girl in Dixie.

Why is "The Sweetest Girl in Dixie" such an object of interest to the theatre manager and theatre patrons? Why was this play a success last season when so many others failed? Why do managers ask for

return dates and offer the choicest time and most liberal terms? Because when all is said "the play is the thing." Heart interest is a hackneyed term, but it is the only one that can explain the popularity of this piece.

Truly it possesses that one touch of nature that makes the whole world kin and with its perfect blending of humor and pathos it is a fine example of realism in dramatic art.

It has been likened to a sweet violet blooming in a bed of hollyhocks, a play with a quaint and homely pathos that winds around your heart like the strains of an old love song.

Public interest has not been aroused by any spectacular or sensational "exploits" of the author or by advertising any of the accidental "features" by which various attractions have been given great vogue.

This attraction will appear at the Marion Opera House Saturday, Feb. 22, and it will undoubtedly be greeted by a large and appreciative audience.

Musical Club Meeting.

The Marion Musical Club met with Miss Sallie Woods last Saturday afternoon, being the first meeting of the new year.

The study for the season was decided on and is to be "Operas and their composers," and will be taken up quite comprehensively. It will be the purpose of each member to surpass the other in interpreting the opera studied each week, and as the city is well represented in this club the season's meeting promises to be most interesting and entertaining.

The club has been asked by the President of the "Women's Federation of Clubs" to join that organization and has the matter under advisement and will decide on that question at the next regular meeting the date of which has not been named.

Miss Woods served elegant refreshments and proved herself a charming hostess.

Work in all the degrees and will be assisted by Bro. L. L. Bebout and three others from the Paducah Tribe. All members are requested to be present. Visiting brethren invited. C. V. FRANKS, C. of R.

ANNOUNCEMENT

Of the Coming Marriage of Mr. R. L. Davis, of this City, to Miss Shaw, of Cadiz.

The following invitations have been received by friends in this city:

"Mr. and Mrs. Thomas Stockton Shaw invite you to be present at the marriage of their daughter, Pearl Blackburn, to Mr. Robert Lee Davis, on Wednesday morning, the fourth of March, Nineteen hundred and eight, at nine o'clock. Home, Cadiz, Kentucky. At home Marion, Ky."

Mr. Davis has recently located here and is engaged in business.

ROBERT LEE DAVIS.

having a gents furnishing goods establishment. He is a high-toned gentleman and has won many friends during his residence here.

While Miss Shaw is not known here, it is reported that she is a charming young lady.

Notice.

Owing to the fact that the general impression prevails, and has been scattered by the newspapers since the burning of our factory at Dycusburg that Mr. Henry Bennett was an employee of ours, we take this method of notifying the public that Mr. Bennett was not, is not nor ever has been an employee or representative of E. J. O'Brien & Co. The only business relations we ever had with Mr. Bennett were to rent his factory, which we had engaged for the season, and which was under the management of Mr. W. B. Grove. Mr. Grove was our only representa-

tive and the factory at Dycusburg was the only factory we operated or the only business we had in that territory.

We understand that Mr. Bennett was engaged in buying tobacco at Dycusburg and Craneville, but beyond the fact that neither we nor Mr. Grove were connected with the business, we know nothing whatever about it. E. J. O'Brien & Co. Louisville, Ky

Church Dedication.

The new Baptist Church, which stands as a monument to the liberality of the members here and other friends of the church will be dedicated March 1st. Rev. W. D. Powell, of Louisville, will preach the dedicatory sermon and will assist the pastor, Rev. J. H. Butler, in all the exercises. The public are cordially invited to attend.

The structure is a beauty, and is situated on the court square in the most commanding location in the city. The tower is capped with white lime stone finished in block and space style. It adds much to the attractiveness of the house, as does the stained glass windows. The pews are massive being of carved oak and placed in circle effect.

The house is to be heated by furnace and lighted throughout by electricity.

Oratorical Contest.

The Annual Oratorical Contest will be held at the School Auditorium, Saturday evening, Feb. 22. The five contestants are working earnestly and their efforts will no doubt be a credit, not only to themselves and the school, but to the community as well. Miss Sallie Woods has charge of the music for the occasion, and this promises to be a very enjoyable feature of the program.

We trust the patrons, and the citizens in general will attest their interest in these young people by being present on next Saturday evening.

The contestants and their subjects are as follows:—Allie Wilborn, "The Beauty of Heroism;" Nell Sutherland, "True Patriotism;" Veida Hicklin, "The True Defense of a Nation;" Jones Gill, "My Own United States;" Hollis Franklin, "Home is Where the Heart Is."

Marriage License.

Frank Mayfield to Miss Gertie Patton.

Ridley King to Miss Kate Fuller.

Frank Guess to Miss Ruth Stephenson.

Henry C. Brown to Miss Sallie Gunther.

NOTICE!

To the Farmers of Crittenden County.

To those who have not delivered their tobacco yet, I desire to say that I have pooled my own crop of tobacco and have applied to the Farmers Union of this county for membership; and have arranged with the Equity people at Marion to receive and pay for the outstanding crops, that is all my contracts in Crittenden county, not yet delivered.

I do this believing it is for the best interests of the community, and after deliberate and mature thought, and without any coercion or threats having been made to me. I have never received any threatening letters nor threats of any kind.

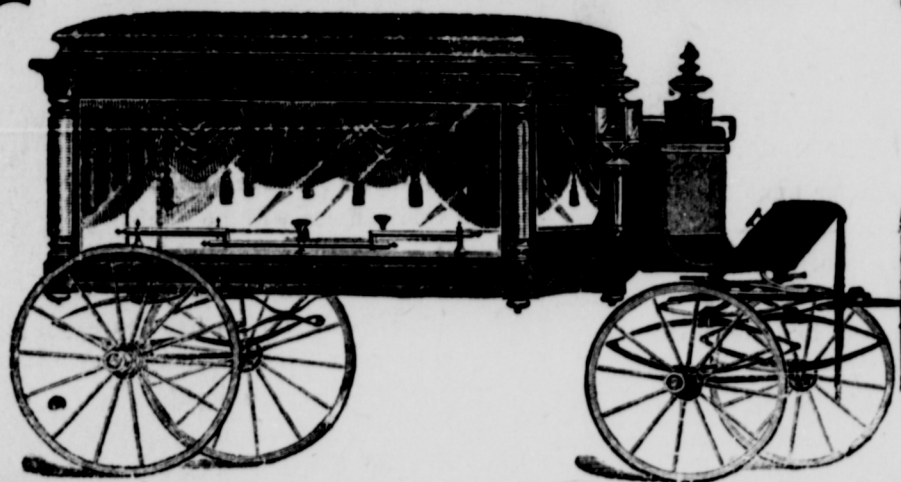

Thanking the Society for all kindness shown me.

What Is the First Law of Nature?

"Self preservation is the first law of nature," answers Johnny Jones.

Correct, Johnny. Go right up to the head of the class. This law applies to a community as well as to an individual. Under the severe operation of this law a town that does not take care of itself, that does not look after its own interests first, that does not look out for Number One, soon falls into a bad way.

That's just as sure as shootin'. It's the law.

We must obey the law or take the consequences. If

we in this town and community do not work together for our own good, the mutual good of all of us, in all lines of business, we have only ourselves to blame if the place slides down the inclined plane instead of climbing the golden ladder of prosperity and progress.

For instance, if we do our retail trading with big city stores that have no interest in us except to get our money and keep it, local trade must suffer and shrink, town property values and farm land values must decrease—and there you are!

Johnny Jones, who knows the law, is a wise lad, but how about his papa and mamma?

Do they obey the first law as applied to the old home place? If they don't, Johnny may have to apply the law to himself when he grows up. He may have to go to the city to make a living.

Let's all think it over.

BIBLE CLASS

REV. J. F. PRICE, EDITOR

Jesus Feeds the Five Thousand.
John VI: 1-25.

TOPICS FOR STUDY.

1. The word "sign" is used 17 times in the Gospel of John. Make a list of these places. In the authorized version it is sometimes used as miracle.
2. Locate the seven miracles recorded by John.
3. Study in connection with each miracle or "sign" the occasion, the place, the time, the observers, the method, the results.
4. Read John, 5: 31-40 and note the different witnesses to which Jesus appeals.
5. Read in chapter ten other appeals of Jesus to the testimony of his mighty works.
6. Compare Jesus' answer to John's Messengers (Mat. 11: 4-6) for his own estimate of his mighty works.
7. "Work" is used 23 times in this Gospel. Make a list of the places where used.
8. Look for the difference of meaning of the two words "sign" and "work."
9. Read the connection where you find these two words and see the difference in their use.
10. Make a list in chapters 5, 6, 7 and 8 of appeals of Jesus to the testimony of the Father in his behalf.
11. Study John the Baptist's account of the witness of the Father at the baptism.
12. Study and make a list of the different occasions when the Father witnessed to the Son. See 1 John 5: 9, 10; Acts 2: 24, 32, 36; 3: 15; 4: 10; 1 Cor., chapter 15; Rom., 1: 4.
13. Make a list of the places where the word Father occurs in this gospel.
14. Sea of Galilee different names why?
15. Bethsaida.

16. The feeding of the 5,000 and the feeding of the 4,000—points of similarity and points of difference.

17. The people's idea of the Messiah.

18. Christ's habit in great crisis.

19. The storm on the sea.

SEARCH QUESTIONS.

1. What time of the year was it?
2. How long time may have elapsed between the last lesson and this?
3. How does this year compare with others in our Saviors ministry?
4. What point does this miracle work in his activity and popularity?
5. How came there to be such crowds?
6. How much money is indicated in v. 7?
7. How did Jesus have the crowd arranged?
8. What did the people say when they saw this miracle?
9. What other instances can you give of the miraculous feeding? (See Ex. 16: 335. 1 Kings 17: 6; 1 King 17: 15, 16; 1 Kings 19: 5, 8; 2 Kings 4: 1-7; John 1 7-10; John 21:12, 13; 2 Kings 4: 42-44.)

The Old Subscriber.

Its as the Grayville Independent says: "Newspaper men have no more pleasant experience than the annual visit of the annual visit of the old subscriber. He is as certain to come as the winter is to roll around, and when his genial face lights up the doorway and he says 'howdy' you know it means a big round dollar for subscription, and probably another for son, daughter or some other relatives in the west. The new subscriber is often a doubtful quality, but God bless the old. After they have come in year after year and then fail you may know they have been gathered home."

FISHED FROM RAILROAD TRAIN

Traveler on Pullman Alleged to Have Hooked and Caught Large Carp in Salton Sea.

Every once in a while some one tells a true fish story. Here is one which must be true, for it has been printed in a newspaper:

"Passengers on Southern Pacific overland trains are having rare sport trolling from car windows for fish in the Salton sea and good catches have been made. About midway on the sea an arroyo extends back into the mountains. The track crosses this on a trestle. The water is 15 to 25 feet deep, and it has become the custom of the dining-car porter to throw the scraps overboard from the table there. Thousands of fish of all sizes lie in wait for the train and can be easily seen.

"A few days ago an irrepressible fisherman prepared his hook and line, and as the train slowly thundered over the long trestle swung it far out over the water. This the fish mistook for their customary meal, and a voracious carp, three feet long, seized the bait and was drawn aboard the Pullman."

SURE INDICATION.

He—You cannot always tell how much a man has by the clothes he wears.
She—No; but you can by the clothes his wife wears.

HOW THEY MUST SUFFER.

"I thought the red-cheeked man was more clever than he is," the woman sighed. "The other day he came pompously in—all little men are pompous, you know—and began to tell me about some people he had all at once taken a dislike to. 'I am going to cut them out,' he declared firmly. 'I shall never visit them again or let them visit me. I am going to cut them out altogether.'"

"I sat looking at him, strutting about like a little red-cheeked turkey cock. 'What becomes of these people you cut out?' I asked him presently. 'How do they manage to get on? Have you any idea?' 'He turned and looked at me solemnly. 'I don't know,' he said. 'I suppose they manage after a time to find some other friends.'"

CLIPPING MAN'S MISTAKE.

Recently Prof. Edmund Burke of the College of the City of New York received a letter from a press clipping bureau. The letter informed the professor that his patronage was desired, and that as a sample of the bureau's work he would find enclosed a clipping from a speech by President Roosevelt in which he had quoted the professor's words. Professor Burke read the clipping nearly through before he realized that the president was quoting from Edmund Burke's "Speech on Conciliation with the American Colonies" in 1775.—The Argonaut.

SOUNDS THE SAME.

"My husband is a fool!" snapped Mrs. Owyer Towne.

The visitor expressed only mild surprise, but the suburban lady was moved to explain.

"You know I wanted to persuade our hens to lay in the nests we provided. And a neighbor suggested getting a couple of nest eggs. So I telephoned my husband to bring home a couple of artificial eggs with him."

"Well, and didn't he?"

"Didn't he! The idiot brought home a couple of cork legs!"

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerves, all tissues, and all blood elements. The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, causes nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well the system. For positive local help, use as well the system.

Till serious kidney troubles develop;
Till urinary troubles destroy night's rest.

Mrs. L. B. Taylor, of 810 East Jefferson St., Louisville, Ky., says: "Several years ago I contracted a cold which settled in my kidneys. I suffered a great deal from pains across my back and loins and was also much annoyed by the too frequent action of the kidney secretions, especially at night. I steadily grew worse, began to be annoyed by dizziness and a feeling of languor and depression. I procured Doan's Kidney Pills and felt relief from the first. I continued the treatment and was soon cured. I gave a statement to this effect in 1900 and am glad to confirm same at this time for the cure has proven to be a permanent one."

No Excuse For Lack of Success.

Among the tragic figures of life is the man without peculiar gifts and graces, fitted by nature for an ordinary place, but forced by circumstances and undue persuasion into one of eminence, or at least of publicity. Just at present the pulpit does not often allure men who have had no fitness for it except that of Christian character, but time has been, and that not very long ago, when the piety of mothers induced them to urge the ministry of sons who, in the most exacting of professions, could only fail. Nothing in this world is sadder than wastefulness, and there is a desolate waste when a man who could make an excellent storekeeper, or a notable mechanic, or a thoroughgoing farmer, is instead, pushed into a place where, besides concentration, he needs love of study, persuasive eloquence, instinctive tact, and an almost universal sympathy. The same criticism applies to others of the learned professions. The Army and the Navy are beckoning more of our sons than of old; forestry is coming to the front as a new profession; journalism has been added to the vocations made practicable to the liberally educated, and in brief a young man with brains, pluck and perseverance has no excuse for not getting on if only he can secure the right introduction and beginning.—Ex.

Stop that tickling Cough! Dr. Shoop's Cough Cure will surely stop it, and with perfect safety. It is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else even with very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sensitive bronchial membranes. No Opium, no chloroform nothing harsh used to injure or suppress. Demand Dr. Shoop's. Take no other. Sold by Jas. H. Orme.

Loses Both Legs and one Arm.

Seymour, Ind., Feb. 12.—Charles Rucker, the seventeen-year-old son of Nathan Rucker, of this city, lost his legs below the knees Thursday by falling beneath a Southern Indiana train.

Four years ago he fell in attempting to get on a moving train and lost his arm. He is now minus one arm and both feet because of his mania for train-jumping.

Electrocution Bill Passed.

Frankfort, Ky., Feb. 8.—The senate has passed the McNutt bill providing for electrocution in place of hanging in Kentucky, and all electrocutions to take place in the Frankfort penitentiary. The senate also passed Campbell's bill, making it necessary for the amount involved to be \$20 before a person can be charged with obtaining money under false pretenses.

Notice.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe that Dr. Shoop tells mothers everywhere to give it without hesitation even to very young babies. The wholesome green leaves and tender stems of a lung-healing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Demand Dr. Shoop's. Take no other. Sold by James H. Orme.

A Sad Death.

Friday evening, Feb. 7, a very sad death occurred near Oak Grove church, little Jean Brantley, the son of Mr. and Mrs. Eli Brantley, after an illness of about two weeks was relieved of his suffering by death. May God comfort the hearts of the bereaved family.

The gentle voice now is hushed,
The warm, true heart is still,
And on the pure and lovely face
Is resting death's cold chill.

The hands crossed upon the heart;
We have kissed the lovely brow,
And in our aching hearts we know
He has gone to heaven now.

Thy struggles are passed,
Thy sufferings are o'er,
To rest in the bosom
Of God evermore.

A Delightful Valentine Party.

At their home on Poplar street, the Misses Schwab were the hostesses of a Valentine Party, Friday last. The rooms were appropriately and tastefully decorated with graceful festoons of hearts—symbols of Dan Cupid. Progressive hearts was the central feature of the evening. The ladies' prize was won by Miss Allie Mae Yates and the gentleman's prize was awarded Mr. J. Sedberry.

After the games a delicious repast was served, consisting of heart-shaped sandwiches, pickles, chicken, love cakes, Cupid sauce, fruit and confectionery.

Miss Inez Price delightfully entertained the merry crowd with music. The guests left, declaring that Cupid always proves a delightful entertainer.

Closing of Copperas Spring School.

Copperas Spring school closed Feb. 7, 1908. Miss Maude Richards was our teacher. She is a granddaughter of Rev. J. B. Garret of the C. P. church. Miss Maude gave the children a nice treat the last day. She is a nice christian girl, she proved that to the people she boarded with. She was at our church and Sunday School some and we found her to be a lover of God's house and people.

She, probably to avoid trouble with some families, did not apply the rod as it might have been. The rod will have to be used in this district to bring about the adjustment of matters and in order to learn some children their places. But this should be done at home and that would save trouble and a heap of unnecessary talk and would be a blessing to the rising generation, but instead of this boys are turned loose at six and eight years of age and girls entertain company at twelve, and if the "old man" and the "old woman," as they are called today, don't pet or hire these young Americans to do things the next thing is to run off or "cross the river" and the result is we don't have mothers now as we used to have, as halters and hickories are things of the past. We are drifting to heathenism and this is why the school closed out as it did, not on the account of the teacher, but those who would not be taught. But there were a faithful few who respected the teacher and learned fast. Nothing beats doing right. Love to all, ill will to no one. A happy New Year to Miss Maude.

The Usual Result.

The 17-year-old son of Marion Green, of the Long Hollow country, is slowly recovering from a severe accident which occurred during the Christmas holidays, and it is now thought that he is out of danger. He was very seriously hurt, and for several days his life was despaired of. He had bored a hole into a log. After filling the hole with powder, he had driven a peg into the hole, and intended to set it off for the purpose of having a Christmas gun. The fuse was slow in igniting the powder, and he approached to see what was the matter, when the thing exploded, portions of the log striking him about the head, crushing his skull.

Three physicians were called in to attend him.—Cadiz Record.

Tax Rate Fixed.

The poll tax rate was also unchanged, being fixed at \$1.50, the old rate.

May Discontinue Telephone.

News comes to this office, from second hands, that the Cumberland Telephone Co. may discontinue its service at Fredonia, Caldwell county, on account of damages sustained by night riders. Our informant got it straight that the Cumberland's service at Fredonia did not pay before the night riders' depredations, but it did not feel like taking out the service. Since its loss of \$1,000 there is but little doubt that the crippled service will be altogether abandoned.—Hopkinsville Kentuckian.

Mahlon Lowery Dead.

Mr. Mahlon B. Lowery, of Fredonia, died last Saturday at Angina Pectoris. His death was quite a shock to the entire community, as he was sick for only a few hours, taken suddenly ill that morning. He was 76 years old and a very prominent and highly esteemed citizen. He was a widower, his wife having died several years ago. He left surviving him three sons, John, James and Smith, all popular and well known men, and one daughter, the wife of Dr. J. N. Todd, the well known physician of Fredonia. He was a man of sterling character and exemplary habits. He was frugal, industrious, kindly disposed to all, and a man who integrity was never questioned.

He was among the best known and beloved men of his section; and will be greatly missed by his family and a wide circle of friends. His funeral services were conducted at the C. P. Church Sunday afternoon by Rev. J. F. Price, and his remains were placed to rest in the Fredonia cemetery.—Princeton Leader.

Politics Should Receive His Attention

At the parting of the ways, if a boy decide that somehow, somewhere he will devote all he is and may become to the service of his country, he will enter upon a dignified and lasting career, a career of far reaching influence and great self abnegation.

This woman says Lydia E. Pinkham's Vegetable Compound saved her life. Read her letter.

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham:

"I can truly say that Lydia E. Pinkham's Vegetable Compound saved my life, and I cannot express my gratitude to you in words. For years I suffered with the worst forms of female complaints, continually doctoring and spending lots of money for medicine without help. I wrote you for advice, followed it as directed, and took Lydia E. Pinkham's Vegetable Compound and it has restored me to perfect health. Had it not been for you I should have been in my grave to-day. I wish every suffering woman would try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

THE CENTRAL POINT

Local Option Measure the Pivot on Which All Other Legislation Depends.

IN A STRUGGLE TO THE DEATH

The Senatorial Contest and the Liquor Bill Cannot Abide Together in the Halls of Legislation, and One Must Succumb to the Other, 'Tis Said in Informed Circles.

Frankfort, Ky., Feb. 11.—To an unbiased spectator it looks very much like the senatorial race and the county unit local option bill have come together in a struggle to the death. In other words, if the bill passes the legislature, the chances are that the senatorial deadlock will not be broken. If the bill is defeated, it may mean that someone will be elected senator. Everything is now being made subservient to the local option measure. It is the sun around which all the

WILLIAM O. BRADLEY.

smaller planets are revolving. Without discussing the political features of the situation, there is no harm in telling the plain facts as to how the matter stands. The test votes taken in the house show that a large majority of the Democrats are for the bill and a large majority of the Republicans are against it. It is freely asserted that Governor Beckham's friends are working hard to have the bill passed and that Governor Bradley's friends are working just as hard to defeat it. It is practically conceded that a United States senator will not be elected until the county unit bill is disposed of one way or the other, but the reason that the few legislators that are willing to sacrifice everything to help the whisky interests will not change their votes in the senatorial race until the fate of the county unit measure is settled. It is believed here that if the senatorial race was out of the way this legislature would pass a most stringent temperance law and provide for a vote by the people on an amendment to the constitution so that a vote on state prohibition might be had three years from now. It is a pretty fight and the result is in doubt.

Senator Newman of Woodford county says that much dishonesty has grown up in the matter of giving short weights in packages or sacks of flour and meal. He introduced a bill in the senate some days ago to prevent this fraudulent practice, and the senate passed it almost unanimously. The bill provides that every package or sack of flour or meal shall have the correct weight of the package or sack printed on it in letters and figures large enough to be easily read, and a penalty is fixed for the violation of the provisions of the law. It was stated in the debate on the bill that in many instances a sack of flour or meal purporting to contain twenty-four pounds really contained but nineteen, yet the purchaser paid for twenty-four pounds. Every housekeeper in the state who looks after her everyday purchases will be interested in this bill and thank the senator from Woodford for protecting them in this matter.

It is the general belief that too few legal hangings have been had in Kentucky in the past twenty years, but if a bill that is now before the legislature becomes a law there will never be another legal hanging in the state. In other words hanging is to be abolished and all criminals condemned to death will hereafter be electrocuted, as they are in New York and other states. The bill, which was introduced by Senator McNutt of Louisville, provides that all criminals condemned to death shall be electrocuted in the penitentiary at Frankfort, and does away with public executions, only a limited number of persons being permitted to witness the electrocution. This bill has already passed the senate and will likely pass the house without much opposition.

The same old bill to prohibit the playing of baseball on Sunday has been introduced this session and seems in a fair way to pass. This same bill has been introduced at every session for many years, but has always met with defeat. The house committee having the bill in charge has agreed to report it favorably, with an amendment which exempts cities of the first, second, third and fourth classes from its provisions. This amendment was agreed to on the ground that cities of the class named

can furnish ample police protection at all games on Sunday and prevent any disorder or disturbance.

A fight is to be made to have the express companies, telegraph and telephone companies under the control of the state railroad commission and put them on the same footing as railroad companies as far as regulating rates is concerned. A bill of a similar character was introduced last session as to express companies, but for some reason it was smothered, although its author, Senator George, made a desperate effort to get it voted on. There has been much complaint as to the high and arbitrary rates charged by express companies for years, and according to the general expression of opinion the rates are getting higher and the companies less considerate of the rights of the public every year.

The fight in the present legislature to secure money with which to build first-class public roads in every county is making good progress, as the Bosworth-Wyatt bill has already passed the senate. This bill provides for taking a vote of the people on the question of amending the constitution so that state aid may be given to the counties for road purposes and further provide that any county may take a vote of the people as to levying a special road tax which shall not in any instance exceed 5 per cent of the taxable value of all the property in the county. The mountain counties are especially interested in this proposition, and if given the opportunity will vote almost solidly for such an amendment to the constitution. Some of the senators were afraid the counties might vote too large a debt on themselves and then have to repudiate it, as has been done as to the railroad debts in several counties in recent years, but twenty-seven senators voted for the bill, while only eight voted against it. The few counties in the state that have good roads and have had them for many years do not appreciate or understand the difficulties encountered in traveling over counties that have nothing but mud roads, but public sentiment is aroused on this question, and it is almost a certainty that the Bosworth-Wyatt bill will pass and that the proposed amendment to the constitution will be voted by the people at the next election.

There seems to be no end to the new bills introduced, and, strange to say, the best and most important bills seem to be coming in late. During the past week the following important ones have been introduced:

Act providing for the security of depositors in banks and creating a "bank depositors' indemnity fund" and providing regulations therefor.

Act providing for a two-cent per mile fare for passengers on all railroads in this state.

Act appropriating \$100,000 for the erection of buildings on the state fair grounds.

Act to prohibit betting on horse races on any racetrack in this state, and an act to repeal the law creating the state racing commission.

Act to abolish the present board of prison commissioners and creating a new board of four members to be appointed by the governor, two members from each political party.

Act creating a state board of bank examiners, to consist of four members, two from each political party, to be appointed by the governor.

Act providing that the state board of control shall contain four members instead of three and two of them shall be selected by the governor from each political party. The bill does not propose to disturb the present members of the board, which has two Democrats and one Republican on it, but provides that one more Republican shall be appointed on it at once and the board shall hereafter consist of two Republicans and two Democrats.

Act to prohibit the operation of "bucket shops" and to prevent speculation in margins and futures.

Act providing that where a regular circuit judge cannot sit in any case, another regularly elected circuit judge shall try the case and the judge to try it shall be selected by the court of appeals.

Act providing that insurance companies shall pay a tax to the state of \$4 on every \$100 in premiums collected in Kentucky. The state now collects \$2 on every \$100 worth of premiums.

Somebody started a story that the state had been paying out too much money for the examination of insurance companies in the past few years, and the rumor went so far that the senate passed a resolution asking the new insurance commissioner to report to the senate just how much those examinations had cost the state in the past twelve years, this period including the past four years, when so many insurance company scandals in New York had to be investigated. The commissioner's report showed that for the past twelve years the amount paid to special examiners and their expenses amounted to about \$23,000, and of this amount about \$18,000 had been paid out in the last four years, but the insurance companies themselves paid all this expense and in reality it cost the state nothing. The state insurance bureau has been an adjunct of the state auditor's office since its establishment nearly forty years ago, and the auditor appoints the insurance commissioner, but a bill has been introduced in this legislature providing that it shall hereafter be a separate department and that the senate shall elect the commissioner.

Does Not Color Hair

Ayer's Hair Vigor, as now made from our new improved formula, does not stain or color the hair even to the slightest degree. Gray hair, white hair, blonde hair is not made a shade darker. But it certainly does stop falling hair. No question about that.

Does not change the color of the hair.
Formula with each bottle
Show it to your doctor
Ask him about it, then do as he says
Ayer's

Indeed, we believe it will stop every case of falling hair unless there is some very unusual complication, something greatly affecting the general health. Then you should consult your physician. Also ask him about the new Ayer's Hair Vigor.

Attorney Bored Jurors and Lost Case.

Macon, Mo., Feb. 10.—During the cross-examination of a witness in a State here, Juror Aldoman arose and asked a question which created a sensation.

"What I want to know, Your Honor," said the juror, "is, if we have to sit here and listen to the attorney examine the witness about something that has nothing in the world to do with the case. My time is worth something to me, and if the law can force me to sit here and be bored this way I want to know it."

Judge Holman, who was trying the case, remarked that he did not make the law, and as long as he had to suffer that way every day the court was in session, the juror ought to live through one day of it. The jury found against the attorney who Aldoman said "bored the life out of him."

A Cure For Misery.

"I have found a cure for the misery malaria poison produces," says R. M. James, of Louisville, S. C. "It's called Electric Bitters, and comes in 50 cent bottles. It breaks up a case of chills or a bilious attack in almost no time; and it puts yellow jaundice clean out of commission." This great tonic medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints and the misery of lame back. Sold under guarantee at Jas. H. Orme's and Haynes & Taylor's drug stores.

The Man With Dandruff

Resolutions.

We the members of Applegate Lodge No. 133 of the Farmers' Educational and Co-operation Union of America favor the following resolutions:

1st. Resolved that all men are born free and equal and we believe in a Supreme being and the teaching of the Divine Law as was given us by a Crucified Savior, and that this principle of our organization is the source of bringing glad tidings of great joy loving men. We believe in the Fraternal Brotherhood of all men.

2nd. That we believe in administering to the sick and afflicted and to all persons in distress, following the golden rule, "Do Unto Others as You Would Have Them Do Unto You."

3rd. Resolved that we believe in good government and in the strict enforcement of the law, that we love our country, our flag and our people, that we are opposed to violation of the law.

4th. Resolved that we ask all good and law abiding farmers and farmers, Ministers of the Gospel and all persons that are eligible to join us in the great work.

5th. Resolved that we are opposed to the centralization of wealth in the hands of a few, dictating to the farmers of this great nation to the injury of all business enterprise. We believe in a government of the people by the people and for the people. "Equal Rights to all and Exclusive Privileges to None."
ALBERT CLARK, Sec. and Treasurer, of Applegate Local No. 135.

Saw Boys Drown.

Nyack, N. Y., Feb. 5.—"Death from shock" was the verdict of physicians who examined into the sudden death of Mrs. Claudine Abry. Mrs. Abry was on Friday watching a number of girls and boys skating on the Hudson when the ice broke and three of the boys were drowned.

The watched the work of the rescue and when the bodies of the boys were brought out of the river she fainted. She was removed to her daughter's home, but died without recovering consciousness.

Refuses Indian Wife.

Bliss, Okla., Feb. 11.—After saving the life of Chief Horse Eagle of the Ponca Indians at the risk of his own, John Cudahy, Jr., son of the Chicago packer, was forced to decline the chief's offer of his loveliest daughter as a wife in the presence of the blushing Indian maiden herself. Tonight Cudahy is laid up with two broken ribs and a lacerated scalp at 11 ranch, while 199 Indian braves and medicine men are holding orgies and dances on the rolling prairies about the ranch house in an appeal to the Great Father for Cudahy's quick recovery.

Cudahy plunged into an icy river Saturday and cut the bridge reins in which the chief was entangled after his pony broke through the ice. The animal broke broke Cudahy's ribs with a kick during the frantic plungings.

Keeping Open House.

Arizona's Big Dam.

The Roosevelt dam, which is now in the course of construction near Phoenix, Ariz., will be one of the greatest dams in the world when completed. It is being built across the gorge of the Apache mountains through which Salt river runs. It will fertilize nearly 275,000 acres of desert land, will be 270 feet high and hold three times as much water as the Assaun dam on the Nile. The two thousand people living in the little town of Roosevelt will have to move away, as the town is "in the valley just a bove the dam, and as the water backs up the town will be covered. The government is building the dam and has constructed its own cement works on the spot, owing to its inability to contract for cement at a low enough price. Saw mills, machine shops, waterworks, electric plant and other plants have been established there, all of them drawing their power from a power canal—The Pathfinder.

It Does the Business.

Mr. E. E. Chamberlain, of Clinton, Maine, says of Bucklen's Arnica Salve "It does the business: I have used it for piles and it cured them. Used it for chapped hands and it cured them. Applied it on an old sore and it healed it without leaving a scar behind." 25c at Jas. H. Orme and Haynes and Taylor's drug stores.

When to Cease Advertising.

Will a merchant who is wise ever cease to advertise—
Yes—when the trees grow up side down,
When the beggars wear a crown,
When ice forms on the sun,
When sparrows weigh a ton,
When gold dollars get too cheap,
When women secrets keep,
When fish forget to swim,
When Satan sings a hymn,
When girls go back on gum,
When no politician schemes,
When mince pies make pleasant dreams,
When it's fun to break a tooth,
When all the lawyers tell the truth,
When the drummers have no brass—
When these things come to pass,
Then the man that's wise will neglect to advertise.—Ex.

FREDONIA.

On Saturday, Feb. 15, at 3 p. m., Mr. M. B. Lowery died at the residence of his son, James Lowery, one mile East of town, after a short illness of congestion of the lungs. Mr. Lowery was one of our best citizens, and lived only a few days of being seventy-six years old and for years had been an elder in the Presbyterian church here.

The funeral services were held in the Presbyterian church here Sunday evening and the church was crowded with relatives and friends of the deceased. The services were conducted by Rev. J. F. Price, of Marion, and the remains were laid to rest in the Fredonia cemetery.

The deceased leaves three sons, John, James and Smith Lowery and one daughter, Mrs. J. N. Todd, all who live in this vicinity.

FORDS FERRY.

Dr. C. G. Moreland was in Marion Monday.

Mrs. N. C. Smart has returned home after a visit to her mother at Grove Center, Ky.

Miss Bettie Martin began a spring school at Hebron Feb. 10.

There has been no packets running for the past week on account of ice in the water. The boats will begin making regular trips this week.

Tobe James, John D. Barnes and Shellie Franklin went to Irma Sunday.

W. B. Wilborn is still improving at this writing.

The Stacker Lee en route from Cincinnati to Memphis passed down Feb. 10, heavily loaded.

W. L. Barnes is talking of moving to Missouri.

R. H. Kemp, of Marion, passed through here Monday on his way to Memphis, Tenn.

On account of ice in the creek the attendance at our school has been shortened during the past week. That is one reason why a bridge is needed at Fords Ferry.

SALEM.

Roy Simpson was accidentally shot last Wednesday night while standing near the entrance to the telephone exchange office. He refuses to give the cause of the accident more than that he dropped a cartridge on the sidewalk and it exploded, inflicting a flesh wound in the ankle. Dr. Hayden removed the bullet.

The first party given at the hotel by the Eastern Star Club last Thursday night was well attended and the guests were well entertained. The most interesting features being supper, the guessing contest, music and the souvenirs.

Born to Mr. and Mrs. James Guess a twelve pound boy.

Jim Boaz, of Dycusburg, was visiting in Salem Sunday.

Mrs. Ada Walker is very sick this week.

Leonard Peck went to Paducah Sunday on his way to the army.

Miss Ada Baxter, of Poplar Bluff, Mo., who has been visiting her aunt, Mrs. Alvis, returned home Sunday.

Born to the wife of Alex. King, Jan. 26, a ten pound boy.

Henry Summers is doing good business with his grist and saw mill.

Our school is progressing nicely with Mr. W. R. Powell as teacher.

Mrs. Mamie Hartman and little daughter and Miss Dorris Hartzell left for Louisville Monday for a few days stay.

Miss Frankie Stephens, who has been very ill, is reported better.

Bob Moore is talking of moving to Bowling Green. We regret to see them leave.

Lola to Have High School.

Prof. M. C. Wright, the noted teacher of this part of Kentucky, will begin a three months term of school here March 2nd. People are greatly enthused and are going to do all in their power to make the school a success. Board and tuition has been put down to just cover expenses. Students from several places have made arrangements for board and we hear of others who anticipate taking the course. Prof. W. L. Kennedy will give free a course of lectures in penmanship. While it has so happened that he has not taught this beautiful art for many years, yet he has lost none of the spirit with which he enters into the work, and those who miss this course of lectures will never again probably have an opportunity of taking lessons from him.

The people of Lola invite all who wish to enter school this spring to their little town and promise to show them a good time as only Lola people can do.

For any information address W. L. Kennedy, Sec. of Board, J. D. Foley, President, or Prof. M. C. Wright, Carrsville.

How I Cured Sweeny and Fistula.

"I want to tell you how I saved one of our horses that had a fistula. We had the horse doctor out and he said it was so bad that he did not think he could cure it, and did not come again. Then we tried Sloan's Liniment and it cured it up nicely."

"One day last spring I was plowing for a neighbor who had a horse with sweeny, and I told him about Sloan's Liniment and he had me get a bottle for him, and it cured his horse all right, and he goes off now like a colt."

"We had a horse that had sweeny awfully bad and we thought it was never going to be any good, but we used Sloan's Liniment and it cured it up nicely. I told another neighbor about it and he said it was the best Liniment he ever used."

"We are using Sloan's Sure Colic Cure and we think it is all right."

NEW SALEM.

The roads are impassable.

All farm work is at a standstill.

John Harpending's baby is still very sick.

Mrs. Harris Austin spent last week the guests of her parents at Pineknayville.

W. S. Lowery and family arrived home last week from a stay in the South.

There is considerable excitement over the raids in our county by the night riders.

Most of our farmers have made arrangements for a tobacco crop in 1908.

If the 14th of the present month was ground hog day, the winter is over.

Money seems more plentiful in the last few weeks than at any time since hard time set in.

Master Sam Beard, of Tolu, is spending a few weeks with his uncle, Henry Browster.

An effort is being made to secure a preacher for New Salem church the present year. This church has had no preacher for the past six months.

We understand that the Home Telephone Co. contemplate running an extra line through our section in a short time.

We hear the whistle of the Cullen and Lowery mines morning, noon and night.

The wheat prospects are not flattering for a crop this year in this section.

We would call the attention of our county court to the public road where it leaves the Salem and Marion road and leads to Tyner's Chapel. This place needs attention now, or travel will soon be cut off to the people living in that section. This section of the road should have attention at once.

E. L. Harpending has been confined to his room the past week.

Mrs. John Ladd has been sick the past week.

It is a man's privilege to think as he pleases, but talk is a different thing.

This section was visited last Friday by one of the heaviest rains in the past ten months and all low lands were flooded.

Messrs. Thomas and Silas Guess of this city, visited their cousins, A. H. Aratt and wife, at Princeton, Sunday, who are visiting relatives and friends in that city. Their home has been along the Pacific slope of California, Oregon and Washington for over twenty years.

Mr. Aratt is a son of John Aratt, who was an old resident of Caldwell and adjoining counties in the early fifties, and who, no doubt, is well remembered by many older residents of Marion, Fredonia and Princeton. The family moved to Lyon county, near Eddyville, about the year of 1870, then from there moved to Palestine, Texas in 1875, where they were farming and in the mercantile business until 1888. The old gentleman died there. It will be remembered that Mrs. John Aratt was a sister of Mr. Willoughby Guess, an old and esteemed citizen of this county. The old lady is still living in Palestine, Texas.

Mr. Aratt and wife will leave in a few days for Portland, Oregon, where they expect to locate in either Portland or Seattle in restaurant business which has been their vocation for years past.
